Formative usability questionnaire:

Quantitative

- Can you find the research section easily?
- Locate a research project using categories and explore the options.
- Return to homepage using navigation bar
- Navigate to the community stories.
- Use the feedback tab
- Use the get help tab to access one of the options.

Qualitative

- What was your first impression?
- Was anything confusing?
- What did you think of the navigation?
- What would you like us to improve?
- Things that you would want to add or remove from the current design?
- How many of the current users use laptop vs mobile to access the website?
